Platinum Protection

Gogans originally launched Platinum Protection in 2007 in partnership with Aviva.

We recognised the need to establish a package solution with a local Irish insurer and disrupted the market by responding to our customers needs with a policy that was built for the Jeweller trade.

Gogans is now one of the leading brokers of choice for those in the Jeweller trade. The Platinum Protection policy is tailored to meet the evolving needs of jewellers across the country.

Platinum Protection Stock Cover

Monitoring window stock, especially during the Christmas period can be tricky. It can be difficult to keep within the stock limits, not in locked safes, imposed by some insurers especially during busy times of the year.

With Platinum Protection however your entire stock sum insured is covered and we don't impose any additional restrictions on the amount of stock you can display or keep outside a locked safe outside of and during business hours.

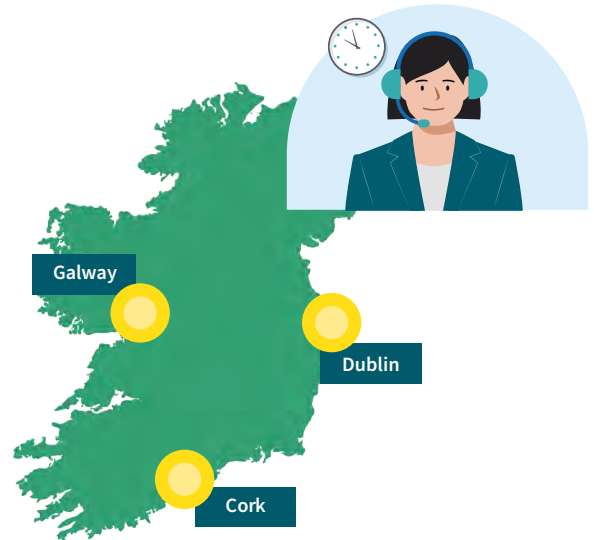

Claims Handling

The job of insurance is to give you peace of mind and security that we'll be there when it matters most.

This is never more important than when you have to make a claim - be it a smashed shop front, a fire or robbery, or an employee or member of the public being injured in your premises - it can be a difficult and stressful experience.

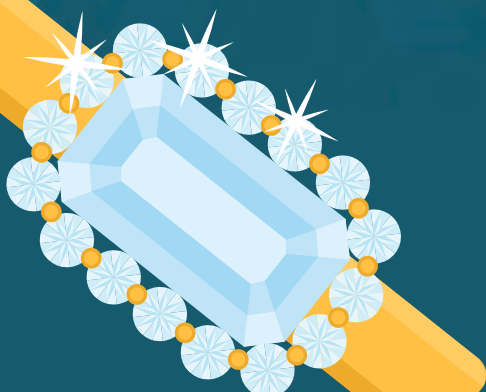

At Gogans, we pride ourselves on 39 years in business and on the quality of our service when assisting customers with their claims.

We work closely with the Aviva claims and loss adjusting team and will be with you through every step of the claim's journey. Aviva has claims teams in Galway, Cork and Dublin and are dedicated and highly experienced professionals who put the customer at the heart of what they do.

"I've been a Platinum Protection customer for the past 8 years and would happily recommend it for your insurance needs. After a significant robbery in 2018, my claim was dealt with fairly, and efficiently and thanks to the wide cover of the policy - there were no concerns around gaps in cover and when I renewed my policy I was delighted the claim hadn't affected the premium as much as I had expected."
